

ESD #2 ANNOUNCEMENT

Hill County Commissioner's Court has voted to extend the deadline for 911 address signs to January 31, 2012.

On October 11, 2011, ESD #2 at its regular meeting passed a resolution allowing for a payment of \$1000 to each Fire Department for the completed installation of their fire district's 911 signs by the Commissioner's Court deadline.

Additionally, for any fire district where the department has refused (Mt. Calm, Malone) or failed to complete their district signs, any fire department can install those signs for an additional \$1000.

There are no restrictions on the use of individual groups (i.e. FAA, 4H, church groups, etc..) to help. Be creative. And "get'er done"!
